Meeting Minutes

I. Welcome and Introductions

Glendean

II. Review 2.7.13 DRAFT Health Connections meeting minutes

Karen

Meeting minutes from 2.7.13 meeting were approved by Work Group.

III. Review and revise DRAFT Health Connections recommendations

Glendean

Work Group completed review of recommendations for the following sections: Medical Home Participation and Health Education and Dental Home Participation and Oral Health Education. Work Group will continue revisions at the next Work Group meeting.

IV. ICAAP's MIECHV project update

Juanona/OECD

- ICAAP and the Governor's office are looking for feedback on EDOPC trainings for care coordination, especially on how it could be more helpful to home visitors.
- Outreach information: ICAAP is aggressively outreaching to providers and disseminating tools and educational information to medical homes. As part of their outreach efforts, ICAAP has been participating at community and stakeholders meetings to learn about the challenges and needs of the MIECHV region.
- Detailed flow chart of MIECHV referral and care coordination process, starting with the Medical Home Referral Form, describes roles and responsibilities of the Medical Home, the Coordinated Intake Office, and the Home visiting program. Using the Care Coordination Form (CCF), the medical home and the home visitor share screening results, information about referrals made to resources, concerns related to the client/patient/family's well-being, and pertinent medical information regarding the client/patient.

V. Next Steps:

Glendean/Karen

- a. Next Work Group meeting will take place in early May.

- b. Christy will make revisions the draft recommendations and share with the group before the next meeting
- c. At next meeting, Work Group will continue review of recommendations
- d. At a future Work Group meeting, Work Group will begin to outline a strategic plan for implementing recommendations (e.g. think about existing resources and ways to recognize best practice of existing programs using evidence based home visiting models, address other barriers and limitations, etc.)
